

SAITEJA SANKU

MERN FULL STACK DEVELOPER

Hyderabad, Telangana | +91 7288909906 | saitejanetha1130@gmail.com

[LinkedIn](#) | [Portfolio](#) | [GitHub](#)

Started as a React Native mobile application developer, then upskilled into full-stack MERN development and applied AI/ML (RAG, LangChain) as product requirements grew — now build end-to-end mobile, backend, and AI-driven features for production pet-services platforms.

EXPERIENCE

MERN Full Stack Developer | Infasta Soft Solutions Pvt Ltd, Hyderabad May 2025 – Present

- Joined as a React Native mobile application developer, building the pet-parent community feature within the Petsfolio mobile app, a two-sided pet-services marketplace covering walking, grooming, and training.
- Built core UI, navigation flow, and REST API integrations for IKC, a pet-transportation mobile app, in React Native.
- Upskilled into full-stack MERN development and applied AI/ML to meet evolving project requirements, and went on to:
- Built a full-stack task management application end-to-end on the MERN stack (React.js, Node.js, Express.js, MongoDB), owning both the REST API layer and the client UI. [ADD: users/teams served, or feature count]
- Automated the WhatsApp-based sales CRM for Petsfolio by integrating WhatsApp sockets into the MERN backend, replacing manual lead intake with an automated conversational flow. [ADD: leads/day handled, or hours saved per week]
- Built an AI-powered WhatsApp lead-qualification assistant using RAG and LangChain on top of a MERN backend, giving the bot live access to a pet-services knowledge base for pricing, policies, and service matching.
- Rewrote and optimized the assistant's system prompt through multiple iterations, cutting prompt size by roughly 50% while preserving accuracy on breed/pet-type and service-validation edge cases.
- Implemented an in-memory TTL cache for knowledge-base fetches to cut redundant lookups and reduce response latency in the chatbot pipeline.

Trainee / Junior Developer | Infasta Soft Solutions Pvt Ltd, Hyderabad Feb 2025 – May 2025

- Built responsive UI components in HTML, CSS, JavaScript, jQuery, and Slick.js for production web projects, ramping up on the team's SDLC and code-review practices.
- Contributed React and React Native components across both web and mobile codebases under senior developer guidance, moving into the full-time MERN developer role within 3 months.

PROJECTS

Expert Space – Urban Services & E-commerce Platform | Freelance

- Built a full-stack home-services and e-commerce platform spanning interior, construction, design, and branding verticals.
- Developed the admin panel in React.js, Tailwind CSS, and Redux with full supplier and product management control.
- Built two React Native CLI mobile apps (user-facing and provider-facing) on a Node.js/Express/SQL backend with multi-role authentication and REST APIs.

Freelance Client Websites | DetailX Mechanics, Jack Pepper Farms, The Detailing Maniacs, Risun Solar, Cwave Hub, IDPS School

- Delivered 6 custom responsive websites for independent businesses using React.js and Tailwind CSS, deployed via FTP hosting on Hostinger.
- Owned each engagement end-to-end — UI development, cross-browser testing, and client-specific customization.

LANGUAGES & TECHNOLOGIES

Languages: JavaScript, TypeScript

Frontend: React.js, Next.js, React Native, Redux, Tailwind CSS, HTML5, CSS3

Backend: Node.js, Express.js, RESTful APIs

Databases: MongoDB, MySQL / SQL

AI / ML: LangChain, RAG, LLM prompt engineering

Tools: Git, GitHub, Postman, VS Code, Google Firebase

ADDITIONAL SKILLS

- AI-agent-based web application development, and using AI tools day-to-day to speed up development, debugging, and code optimization.
- Strong analytical and logical problem-solving; effective cross-functional collaboration with UI/UX and backend teams.

EDUCATION

Master of Computer Applications | Aurora Degree and PG College, Hyderabad 2024 – 2026

Bachelor of Science in Computer Science | Sree Chaithanya Degree & PG College 2021 – 2024 | 73%

Intermediate (MPC) | TS Model School & Junior College 2020 | 69.7%

Secondary School Certificate (SSC) | TS Model School & Junior College 2018 | 73%
